Fluras / Flowers

Schwungvoll und mit aufregenden Taktwechseln hüpfen wir fröhlich durch einen Blumengarten in vielen Farben, in voller Blüte stehend und umgeben von Düften. Was uns wohl am Ende des Gartens erwartet? Ein effektvolles Chorstück, in dem alle Stimmen zur Geltung kommen und das jedes Konzertprogramm auflockert. Dieses Stück wurde am Kompositionswettbewerb des „Festival Chanzun Rumantscha“ 2022 mit dem 1. Preis ausgezeichnet.

Zestfully and with exciting rhythm changes, we skip merrily through a multi-hued flower garden in full bloom and surrounded by fragrances. I wonder what awaits us at the end of the garden? A striking choral piece where each voice comes into its own and brightens up any concert program. This piece was awarded 1st prize at the “Festival Chanzun Rumantscha” 2022 composition competition.
